I love you so much papa and I miss you every single day. I'll remember all the good times we had and all the times I'd come over randomly to eat lunch or dinner with you. You would always tell me you weren't a big eater and you didn't want anything but I'd ignore you and bring us a whole spread of food just so I could spend time with you. I cherished our time together and I got to get everything off my chest when I would come over. We had a lot of laughs and I miss that. I considered you one of my best friends, I love you so much papa it's hard to believe that you're actually gone.

It doesn't feel as if you are gone papa. I will never forget all the time we shared together. When I lived with you during the time you needed someone to take care of you, I needed it as well. You were always there for me, no matter where I lived, with you or in Mililani. I will cherish every moment we had together from watching true crime documentaries at night and me falling asleep on the back couch and putting the blanket on me to me accidentally locking you out of the house when you went to get the newspaper. Me and Stevie love you so much.. you're forever in our hearts
