I am wondering if this was the same Myrna Segawa that was a patient at Wahiawa General Hospital's Nursing and rehab center in May of 2017 if it is the same Myrna then she and I were room mates. I would stay quiet so she could sleep and when we were in the activity room with other people we would play balloon volleyball and she and the other patients/residents would hit the balloons so fast that it would hit me. She was a very nice person. I'm sorry for your loss.
