Christine had the ability to turn a negative into a positive, the eternal optimist. It's a quality rarely found in the world today, but in high demand. You had a profound effect on my life and the lives of many students who loved you. I will always treasure the time we spent at work and at play. I think about you every day. I am a better person because you were my friend. There will always be a place in my heart for you. Until we meet again. Aloha

I remember aunty when I was dating her daughter after high school. My one of many fond memories of her was the time I thought it bizarre that her daughter ate salads with chopsticks. She told me in the most polite bit direct voice, "I use chopsticks, if she wants to she can." What an awesome soul. Condolences to the family from the Lewis Ohana in WA state.
