My sincere sympathy to each of you for your loss. Psalms 90:10 says that the usual life span is 70 or 80 years. When man was created, it was God's purpose that he would live forever. Romans 5:12 explains why death and sickness occurs. His purpose has not changed. He assures us that he will restore life to all who are in his memory right here on earth under the best of conditions.Revelation 21:3-5John 5:28,29Psalms 37:29

How deeply saddened we all are to learn of Mi Sun's passing fout months ago. My mother, Eunice was a friend of over 40 years; MiSun and sister Nodee attended and celebrated our wedding 25 years ago; and my last time spent with her was five years ago (she was so supportive through the death of my father) as that was my last visit to Honolulu. She was the most loving and giving person, and never asked for anything. She loved spending time with her family and friends!Mi Sun will always have a special place in my heart. May she rest in peace.
